

Little Jarjums Preschool

Reproducing of Photos AND Film in School Publications, Newspapers, NSW Department of Education Publications, School Electronic Publications and Social Media Publications

Dear parent and carers

Educators and staff endeavour to take photographs and recordings of children when they are participating in sporting events, excursions and day to day experiences both in and out of the classroom.

Periodically we are asked to supply photographs in one of the local newspapers, or a NSW Department of Education publication to illustrate an event, whether it be school based or more generalised e.g. a community event.

Little Jarjums Preschool have ClassDojo and Facebook and Casino West Public School have a Facebook that we share a range of information including and at times a film (recording).

It is necessary for us to have the written consent of parents/guardians before we publish or allow photographs or filming to be published online or on social media platforms.

Yours sincerely

Lesley Mills
Principal
