Friday 3 September

Book Fair

Sunday 5 September

Father's Day

Sports Carnival Fun...

On Thursday the Gurraghan Group participated in the festivities at the Casino West sports carnival. This was a fantastic day where our jarjums got to dress up in their house colours, march with their siblings in the opening march, and race their peers in running races with a cheering crowd. The jarjums cheered on the older children and felt proud when they saw their brothers and sisters racing in their events.

A great day was had by all!!!!

What fruit is it...

Last week Andre brought in a coconut to share at fruit time. In Yarning circle, we discussed what sort of fruit it was, and researched that a coconut is in fact, a nut, seed, and a fruit. We explored ideas on how we would crack it open. Aunty Leanne took to it with a hammer and cracked it open while the jarjums watched on. Only a few were game enough to try it and said it tasted sweet. Thankyou to Linda and Andre for giving our jarjums opportunities to explore and try new foods.

Sustainability at Preschool....

Over the past several weeks we have been exploring sustainability practices at preschool. We have researched and discussed how we can recycle waste and have been very conscious of how we are incorporating this into our day at preschool. This has led to discussion around the amount of paper we use at preschool. We have extended this learning through researching where paper comes from and how it is then recycled.

This week we have put this into practice and have attempted to recycle and make our own paper. To achieve this, the jarjums shredded used paper in the preschool, and soaked it in water over night. We then blended it to make a 'pulp', ironed it out flat and left to dry out. The jarjums are very excited to return to preschool next week to see the results.
