### Dates to remember:

**Monday 30 May - Friday 3 June**  
**Parent Partnership Meetings**  
**Tuesday 7 June & Friday 10 June**  
**Steps Vision Screening**  
**Monday 13 June**  
**Public holiday**

## Food from the Farm

This term the Burbi Group have been learning about food that comes from the farm. As a group we have mind mapped things we know about food on the farm and things we wanted to know more about and research. So far, the children have researched about where popcorn comes from and the process of how bread is made from paddock to plate. To extend on this, last week the Burbi group made their own bread at preschool. The Jarjums each took turns in adding ingredients to make the dough, kneading the dough, and preparing the bread for cooking. Once cooked we all enjoyed a slice fresh from the oven.

# Preschool Juice bar

Our preschool fruit trees are always a hit when they start to fruit each year. This year has been no exception with the preschoolers picking the ripe fruit to eat each day. The Burbi Group have had a strong interest in making lemon and orange juice with our fruit. Last week they used a hand juicer to juice the fruit to drink. To extend on this, educators discussed with the children, other fruits and vegetables that can be made into juice. The children then created their own juice bar menus. In the coming weeks, educators will supply the children with some fruits and vegetables they can experiment with to make their own juice concoctions. We are on the lookout for an electric juicer if any of our families have one that we would be able to borrow.

## Exploring our

## senses

This term the Gurrahman Group have been learning about our 5 senses. Each week we have focused on a different sense. So far, we have learnt about the sense of smell, taste, and sight. The children have engaged in various experiences relating to these senses including spice painting, sorting foods into categories of bitter, sweet, sour and salty, and exploring what it's like to not be able to see through various discussions, videos and games. In the coming weeks we will be exploring the sense of touch and hearing.
